

Electronic Statements

Performance Systems International (PSI) provides a full-featured electronic statement solution, targeted specifically to the needs of SUMMIT clients.

PDF File Format

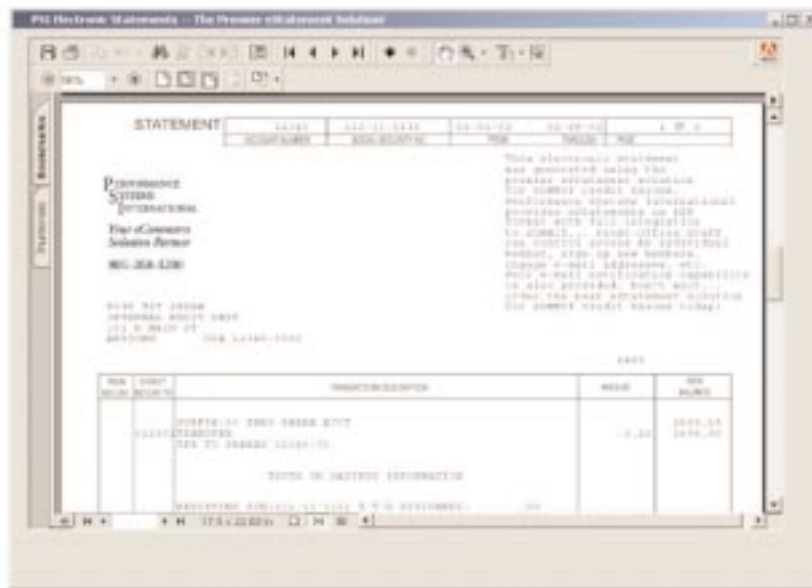

The electronic statements presented by PSI are rendered in Adobe® Acrobat® format (PDF files). For maximum security, statement files are not stored on the web server, but are dynamically generated.

Account / PIN Validation

PSI's solution integrates with the Call-24 Account and PIN. This eliminates member confusion, and also the need for extra set up by Credit Union staff.

Front-Office Integration

PSI's solution integrates seamlessly with your front-office operations. Integration with SPECTRUM® is accomplished using control flags, memos and the e-mail address. This allows front-line staff to manage this solution from within SPECTRUM.

Adobe and Acrobat are trademarks of Adobe Systems Inc. Call-24 and SPECTRUM are trademarks of SUMMIT Information Systems. SUMMIT is a registered trademark of SUMMIT Information Systems.

ELECTRONIC STATEMENTS
